CAPT. ANDREW ARBICK, who has
been sojourning in Belmont County
for some time past, came home last
night.

The new advertisement of Mc-
Connell, Emerson & Harris should
attract your attention.

JOSEPH DAVIS, County Commis-
sioner, is having the front gable of
the Court House remodeled.

DAVID SMITH, known by the boys
as Gabriel, made his appearance in
this place on Wednesday, after an
absence of three years.

A gentleman in Vincent's Jewell-
ry Store, a few days since, remark-
ed that a person who could not be
excited there with a clock need not
look any further.

LARGE rains have visited the
whole country within the past
week, starting up steamboat naviga-
tion on all our navigable rivers.

THE Directors, or those interested
in the Lake Shore & Tuscarawas
Valley R. R., will pass over the
line of the Eastern Ohio R. R. in a
few days.

REV. H. COOPER, being absent
there will be no public service in
the Presbyterian Church next Sab-
bath morning. Rev. C. W. Court-
right will preach in the evening at
the usual hour for evening service.

THE Mite Society of the M. E.
Church will meet at the residence
of Isaac Hutchinson, next Tuesday
evening. A cordial invitation is
extended to all. Supper at 8 o'clock.

MANY people in town, and in the
adjacent country, are talking of
viewing and surveying a new route
for the Eastern Ohio to reach Mc-
Connellsville, by way of Miltonburg
and to intersect the old route at
short distance this side of the
Ark Springs Tunnel.

COLUMBUS, FERRIS and Mineral
Region Rail Road.

On Friday of last week, a large
meeting was held in Columbus in
the interest of the above proposed
new line of Railroad. It was as-
certained at the meeting, that it
would take about \$500,000 to grade
it, and it was stated that fully
\$400,000 had been subscribed for
that purpose.

The proposed line is the shortest
possible one between Columbus and
the great Coal Vein of Perry Coun-
ty, and there is no doubt but that it
will be built.

By invitation, the citizens of
Malta had their representative, Mr.
James M. Rogers, present at the
meeting, for the purpose of ascer-
taining what could be done relative
to a connection of the Muskingum
River with said road, the point of
connection with the river being
Malta.

Mr Rogers received every en-
couragement and assurance, possi-
ble to be made at the meeting, that
the above road would give some
material assistance toward construct-
ing a road between Malta and the
nearest point of connection with
said road in Perry County.

Considering this prospect, and
that there is a standing offer from
Perry County now to give \$25,000
toward a road to Malta, we should
think that the men of push and go-
ahead-ness on the West side of the
river would take the matter in
hand at once, and proceed to raise
the subscriptions necessary to build
the line.

The line is but a short one, and
would not cost the people of the
west side of the river, considering
the outside assistance they would
have, more than \$75,000. And be-
sides, there is no doubt in the world
but that it would be one of the best
paying investments that money
could be put in.

The Coal of Perry County, in or-
der to get into market cheaply, has
to be transported by water. Rail-
road transportation will always
limit the district where Perry Coun-
ty coal will be sold, if it all has to
be transported by railroads, and
consequently, the need of river
transportation which is always
cheaper.

Malta is about the nearest point
where Perry County coal can be got
to a navigable river, and the trans-
it of coal over a road from Malta
to the Perry County Coal fields
would be immense, and would, of
itself, make the road a paying in-
vestment.

But this is not all. The iron in-
terest of Perry County would find
it fully as advantageous to use such
a road as the coal interest, and for
the same reason; the cheapness of
river navigation.

Besides, who knows but that Mal-

ta, if this road is made, may be-
come a point for the establishment
of a Blast Furnace and Rolling
Mill. Such an idea is far from be-
ing preposterous; it is really one
of the probabilities.

All in all, we shall always think
that the people of the West side of
the river are both blind and dumb
to their interest if they do not push
this matter with all their zeal and
energy.

Some of our McConnellsville friends
may think that this, our advocacy
of a road from Malta to Perry Coun-
ty, at this juncture, is out of place.
We think not. It is one of the cer-
tainities that the West side of the
river is not going to do anything
toward the Eastern Ohio on the
McConnellsville side of the river.

Such being the case, the best thing
the West side can do is to go to
work and push the matter through
on that side. The West side is fully
able to build the road spoken of,
without any assistance from the
McConnellsville side, and the Mc-
Connellsville side is fully able to
raise her proportion of the funds
necessary to grade the Eastern Ohio
east of McConnellsville.

So, as all we want is a rail road
let both sides of the river go to
work earnestly, each in their own
territory.

Presbytery of Athens.

The Presbytery of Athens met in
the Presbyterian Church at Nelson-
ville, Tuesday evening, at 8 o'clock,
P. M. After having been organ-
ized by prayer by the Moderator,
agreeably to the order of a former
meeting, Presbytery proceeded to
install Rev. Julius Strauss pastor of
the Nelsonville Church. Rev. H.
Cooper preached the sermon and
propounded the Constitutional
questions. Rev. Schwefel, of A-
thens, delivered the charge to the
pastor, and Rev. Adair, of Marietta,
the charge to the people. All of
these parts were performed ably
and with great interest to the Pres-
bytery, pastor and people.

Rev. C. C. Hart was received in-
to this Presbytery and a call for his
pastoral service from the Church at
Logan was placed in his hands.
Having signified his acceptance of
the call, Presbytery proceeded to
make arrangements for his installa-
tion. A committee consisting of
Revs. Hart and Scott was appointed
to report a plan of installation ser-
vice.

While this committee was pre-
paring its report, Rev. Webster, of
the Presbytery of Zanesville, who
had been invited to sit as a corres-
ponding member, gave a soul-stir-
ring account of the remarkable re-
ligious interest in Zanesville, which
warmed and made glad the heart
of every one present.

The committee being now ready
reported the following plan of in-
stallation: Rev. Cooper to pre-
side and propose Constitutional
questions; Rev. Adair to preach the
sermon; Rev. Scott to deliver the
charge to the pastor; and Rev.
Schwefel the charge to the people.
The report was received and
adopted.

This installation will be of great
interest. Some years ago Rev.
Hart was for a number of years
pastor of the Church at Logan. He
now returns from Shawneetown,
Illinois, to renew that relation with
the Church at Logan.

A motion was now made and pas-
sed that when this Presbytery ad-
journs, it adjourns to meet at Lo-
gan, Wednesday evening, at 6
o'clock, P. M., to attend to the in-
stallation of Brother Hart.

After the transaction of some busi-
ness, such as fixing the orders of
business for the next day, granting
leaves of absence, etc., Presbytery
took a recess until Wednesday
morning at 9 o'clock.

MORE AXON.

OBITUARY.

WHITE—Died in McConnellsville,
Morgan County, O., Oct. 21st,
1871, Mrs. MARY A. consort of
Mr. G. W. White, and daughter
of Joseph and Sarah Purphrey,
aged 53 years, 10 months, and
16 days.

Mrs. White, the subject of this
notice, was born in Jefferson Co.,
O., Dec. 5th, 1817. On the 10th of
Nov., 1836, being then in the 20th
year of her age, she was united in
marriage to Mr. G. W. White, then
of Rural Dale, O., who survives
her, and is now bereft of the loved
companion and friend of his youth.
A lengthy eulogy on the character
of one whose life was the exem-
plification of so many virtues, would
seem, indeed, entirely superfluous.
Still it would be doing violence to
truth and morality if, when such a
life was ended, those virtues which
gained for her so noble a record,
should be allowed to perish with
what of her was mortal. A fitting
eulogium is always appropriate
when those who have been bless-
ings to society are removed from
earthly scenes. To all who enjoyed
an intimate acquaintance with the
deceased, it was evident that her
piety was of the most solid kind,
not evaporating in talk, nor inur-
ring itself in an ostentatious pro-
fession, but operating in a constant
and exemplary discharge of every
private and social duty. In rela-
tion to her domestic duties, she
was truly a pattern of diligence,
higher obligations which have re-
lation to the preparation of the soul
for the enjoyment of a purer and
higher state of existence. Free
from every kind of display, her re-
ligion was of a retired nature, plan-
ted by the rivers of water, and fed
by the rivers of water, and fed
by a secret spring, its leaves never
withered and it brought forth its
fruit in its season. Her faith was
such as purified the heart, and man-
ifested itself in a series of wise and
holy actions. Her hope was an
"anchor of the soul, sure and stead-
fast, entering into that which the
van." Her illness was protracted,

continuing about two years and
though often severe, was borne
with patience and christian resig-
nation, for she endured as seeing
him who is invisible. Her funeral
services were held in the Baptist
Church at Rural Dale, O., of which
she was a worth member for many
years. The sermon was by the
writer of this notice, from 1st verse
of the 5th chapter of 2nd Cor.,
which she had chosen as expressive
of her unshaken confidence and
faith in the gospel. Followed by a
large concourse of grief-stricken
friends, her remains were then de-
posited in the Rural Dale Cemetery
where they will calmly repose un-
til the trumpet of God awakes the
sleeping dust, and bids her rise to
life and immortality. H.
